

SAN ANTONIO FOR GROWTH ON THE EASTSIDE

430 Austin Street

430 Austin, LLC **430 Austin Street**

- Built in 1893
- Two-story building
- 10,000 square footage includes a back patio overlooking attached building behind main structure
- Restoring windows on the second floor of the main building
- Restoring windows to the attached building
- Approved by the City of San Antonio Historic and Design Review Commission

Jacob Wittig

Born and raised in San Antonio, Attorney Jacob Wittig bought 430 Austin, LLC with a focus on aiding community development and economic growth on the Eastside.

“It’s really a remarkable building that was built in 1893,” said Wittig. “It has so much potential as a possible event venue, restaurant or company headquarters.”

Wittig has received approval from the City of San Antonio Historic and Design Review Commission for the exterior renovations including preserving the doors to the original building.

Wittig and his family own another building on the Eastside that serves as a warehouse for their office furniture company near downtown San Antonio.

SAGE “Store Front” Grant

San Antonio for Growth on the Eastside approved a matching grant in March 2011 in the amount of \$10,000 to help restore windows on the second floor of the main building, as well as windows to the attached building behind the main structure.

SAN ANTONIO FOR GROWTH ON THE EASTSIDE

Complete renovations are expected
September 2011.
