Lujan Enterprises

Born and raised in San Antonio's Eastside, Bryan Lujan is an entrepreneur focusing on providing family-friendly restaurants to the community. Lujan opened Big Lou's Pizza in 2000 with his family and created Lujan Enterprises.

"We listened to the community, worked as a family and made our new business reality," said Lujan. "We want to provide good restaurants everyone can enjoy."

Now, Lujan is expanding by introducing Big Lou's Burgers and BBQ.

SAGE "Store Front" Grant

San Antonio for Growth on the Eastside approved a matching grant in March 2011 to help improve signs and lighting at all three establishments. Part of the grant will also help open Big Lou's Burgers and BBQ.

This new venture will create 10-15 new jobs in the area.

"Our family is dedicated to the Eastside from new jobs to good businesses for the area," said Lujan. "We are here to serve our community."
